Dear Mrs. Manley:

It affords the above organization, great pleasure to invite you and Mr. Abe Manley to attend the first Negro Major league base ball meeting ever was held in the history of the United States, at the Quincy Club 3806 South Michigan Avenue, Chicago Illinois. Sunday and Monday April the 15th and 16th 1945. the meeting will open at 11 A.M. each day.

WE wish to explain to you our purpose, and why you should be a member of the Negro Major League. It is not the purpose of our organization to destroy Negro baseball, but to build it on a sound foundation. There is every reason, why you should attend this meeting, because business ethics must be planted in the hearts of Negro baseball men.

Our Commissioner of baseball, State Senator of the State of Illinois, C.C. Winbush will address the meeting on why Negro baseball should be organized. We would appreciate your present.

Your very truly

The Negro Major League Inc.
